

*When I walk into rehearsals, it is the best part of my week. I have learned so much and my confidence has grown as a singer at YNS. I also have a community of friends and mentors with similar interests that I have connected with especially through our retreats and team building programs. I am at my best when I am singing with YNS!*

### Why Partner With Us

Young Naperville Singers provides a space where children and youth, ages 5 to 18, can explore their creativity, develop their musical talents, and grow into confident leaders. Entering our 41st season, YNS has one of the largest choir programs in the region with 500 members across 11 ensembles. YNS firmly believes that all kids who love to sing should have access to our programs, regardless of their financial circumstances. Over 10% of singers receive tuition scholarships. Our sponsors are directly responsible for helping us fund this necessary need.

### What We Do

YNS provides children with extraordinary music education and performance opportunities that foster artistic excellence. Your sponsorship support allows YNS to maintain the highest caliber music and musicians, to mount exceptional performances and to provide excellent training for our singers. We need the investment of community partners like you to help support this important mission. Your contribution directly impacts the children we serve and helps us keep kids singing within this vibrant and inclusive community.
